

July 30, 2008

Bonnell Aluminum announces its energy and fuel surcharge for August 2008 shipments

Natural gas prices retreated with the NYMEX August settlement price closing down to \$9.217/MMBtu from last month's \$13.105/MMBtu. The US national average diesel retail price for July remained relatively unchanged from June, closing at \$4.703/gl. As a result, Bonnell Aluminum's energy and fuel surcharge for August shipments will be adjusted down from \$0.069/lb to **\$0.040/lb**, with the energy surcharge component representing **\$0.003/lb**, and the fuel component remaining unchanged at **\$0.037/lb**.
