Bonnell Aluminum announces its energy and fuel surcharge for July shipments

Natural gas and diesel fuel prices continued their upward trend in June. July's NYMEX natural gas settlement price moved up \$1.189/MMBtu from last month, settling at \$13.105/MMBtu. The US national average diesel retail prices closed the month of June at \$4.700/gal, or \$0.275/gal higher than May's. As a result, Bonnell Aluminum's energy and fuel surcharge for July shipments will be adjusted to \$0.069/lb, with the energy surcharge component representing \$0.032/lb, and \$0.037/lb for the fuel component.
